10S (STRAIGHT DEDUCTIBLE) 25S (STRAIGHT DEDUCTIBLE)	75% X BASIC RATE 50% X BASIC RATE
--	--------------------------------------

Note: Assessment of damage to Corn covered under this policy will be determined solely on the basis of plant breakage and defoliation tables. Regardless of end use, loss of grade and quality of seed shall not become a factor in the adjusting process and seed loss will be considered only as it relates to the overall loss of volume to the entire plant.

ADDITIONAL COVERAGES

FIRE COVERAGE: This coverage applies to insured crops during the term of the policy as applicable to each item.

CUT GRAIN COVERAGE: This coverage will apply to: **ALL CROPS.**
